

Position: EHS Compliance Auditor, Bangkok, Thailand

SLP Environmental Co., Ltd is an award winning Environmental Consultancy working with private sector clients both throughout Thailand and South East Asia. We are looking for suitably qualified environmental staff to operate out of our Bangkok, Thailand Office.

Requirements:

- Conducting field assignments, such as performing EHS compliance audits, assisting with program implementation, performing EHS assessments and inspections in accordance with permit requirements, and similar assignments throughout South East Asia;
 - Conducting EHS compliance evaluations, including due diligence assessments, to support client mergers and acquisition activities;
 - Preparing technical reports, including documentation of audits, inspections and operating procedures, data management and interpretation, and development of graphical and tabular presentation of data.
 - Parsing permit requirements to support implementation of EHS information management systems.
 - Keeping internal EHS databases up to date and training other staff.
 - Report writing in English: completion of detailed scientific reporting, written in a manner that can be understood by non-technical people.
 - Translate documents from Thai to English and English to Thai.
 - Production of figures site plans as required for final production of reports etc as directed.
 - Procure contractors, laboratories, sub consultants and suppliers as necessary/as directed.
 - Project manage small projects.
 - Assist in growing our Thailand business.
 - Assist in building and maintain good relations with clients, contractors and sub consultants.
-
- This position requires travel to and work at client sites for information gathering and client meetings. This individual should expect to spend approximately **30-50%** of their work time at client sites in Thailand and throughout South East Asia. Each individual trip generally lasts 1 to 3 days for this position.
 - This individual should be able to conduct visual inspections at industrial facilities.
 - The individual will gain increasing responsibility for project and proposal management through training provided by SLP Environmental and will work closely with and support senior EHS compliance and management practitioners and project managers.
 - Interacting with clients and regulators to meet task and budget requirements is a key to success in this position.

Candidates MUST:

- Hold Thai Nationality and is currently residing in Bangkok and/or Thailand.
 - Have three years related work experience.
 - Hold a Bachelor's Degree and/or Master's Degree in one of the following areas: Environmental Sciences, Environmental Engineering, Safety Engineering, Health and Safety or related degree.
 - Be willing to travel (visiting sites upcountry and also across South East Asia).
 - Fluent in speaking, reading and writing English (TOEIC Score: >600 points) and Thai languages. Other ASEAN languages an advantage.
 - Have a full Driving License (be able to drive in Thailand and other ASEAN countries).
 - Be exempt from Military Service.
 - Have undertaken an Internship and have real EHS auditing experience working for a large Company.
 - Be computer literate (MS Office).
 - Be self-motivated, reliable, punctual, organised, possess good interpersonal skills and be a good team player.
- Want to learn new skills and broaden your environmental experience.
